PROFESSIONAL SUMMARY

Final-year **Computer Science and Engineering** student with strong analytical and problem-solving skills, seeking an entry-level software development role. Demonstrates a solid foundation in Python, Java, relational databases, and AI/ML concepts, with a strong ability to learn new technologies and contribute effectively in team environments.

SKILLS

Programming: Java, Python, JavaScript
Frontend: HTML, CSS
Backend: JDBC, Spring Boot, Hibernate, REST APIs
Databases: MySQL
Tools & DevOps: Git, GitHub, Postman, GitHub Copilot

PROJECTS

AI Resume Analyzer 05/2025
Python, NLP, Machine Learning, Streamlit

- Developed an AI-based system to analyze resumes against job descriptions using TF-IDF vectorization to generate accurate **matching scores**.
- Applied **NLP techniques** for resume parsing, keyword extraction, and automated skill gap analysis.
- Identified **missing skills** and provided dynamic recommendations to improve resume-job alignment.
- Built an interactive **Streamlit interface** for seamless resume uploads and visual score breakdown.

Student Database Management System 03/2025
Java, MySQL, JDBC

- Developed a student management application using **Java, MySQL, and JDBC**.
- Implemented **CRUD operations** to manage student profiles, enrollment, and academic records.
- Designed relational database tables and executed optimized SQL queries for data management.

INTERNSHIPS

Full Stack Developer Virtual Internship 06/2026 – 08/2026
Full Stack Developer Intern *MERN Stack*

- Gained hands-on experience with **MongoDB, Express.js, React.js, and Node.js** in full-stack development.
- Worked with **REST APIs, frontend-backend integration, and database connectivity** for web application development.
- Applied concepts of **component-based development, CRUD operations, and server-side application logic**.

ServiceNow Virtual Internship 01/2026 – 03/2026
ServiceNow Developer Intern *ServiceNow Platform, JavaScript*

- Worked with **JavaScript, Client Scripts, UI Policies, and ServiceNow customization**.
- Implemented concepts related to **Incident Management, Service Catalog, and Workflow Automation**.
- Applied **ITSM concepts** and platform configuration to support automated business processes.

CERTIFICATIONS

AWS Cloud Foundations — Completed APSSDC training covering AWS Cloud concepts, core services, security, pricing, and architecture.

Cisco Certified Network Associate (CCNA) — Certified in networking fundamentals, routing, switching, IP addressing, and network security.

EDUCATION

Sri Venkateswara College of Engineering Tirupati
B.Tech in Computer Science and Engineering, CGPA: 9.20 *2023 – 2027*

Sri Chaitanya Jr College Tirupati
Intermediate, Percentage: 93.1% *2021 – 2023*
